

WILD CARDS

Let's get started.
Today you are about to create something with paper and pen that will make someone's day. No pressure. No seriously, no pressure.
It's super easy, so enjoy the process.

STEP ONE: WHO IS THE CARD FOR AND WHY ARE YOU GIVING IT TO THEM?

Think about the people in your life that make your life special.
It might not be anything big, but often these moments are worth celebrating.

WHO MAKES YOU HAPPY	WHAT IS SOMETHING THEY DO THAT MAKES YOU SMILE

My Nonna taught me how to ride my bike

My Dad makes me breakfast every Sunday, he cooks the perfect egg

My friend is so funny, she has the best jokes ever. I'm always laughing when I see her.

NOW LET'S TURN THIS LIFE IS AWESOME MOMENT INTO A CARD!

STEP TWO: WHAT WILL YOUR CARD SAY?

You don't have a lot of room on a card to say what you want to say, so you need to keep it short, simple and sweet. Here are some different options to help:

Super Simple Mode:

Just write out exactly what you want to say:

Rhyme Mode:

Rhymes add instant appeal. Does one of your key words rhyme with another word that might describe how it makes you feel, if so use this to create your text.

Pun Mode:

Does one of your words have another meaning? A pun is a form of word play that uses multiple meanings of a word, or similar-sounding words, for humorous effect.

Super Simple Mode:

Do a simple drawing of something the card is about.

Funny Face Mode:

Give your drawing a funny face for added fun!

All Text Mode:

Don't want to draw? No Problem! Just focus on your text and use a fun style to fill up the whole card.

PRO TIP:
Mistakes are okay! If you make one, try and work out how to turn it into part of your design. Check the example board for ideas.

Have a think about the colour palette you will use. We have some suggestions up on the example board.
